Equipment	Uniwell POS Terminal
Author	GD

Requirements	Description
Pre Requisites	Paid Out Programming & Display
Duration	Expected time to complete
Related Documents	
Additional Information	None

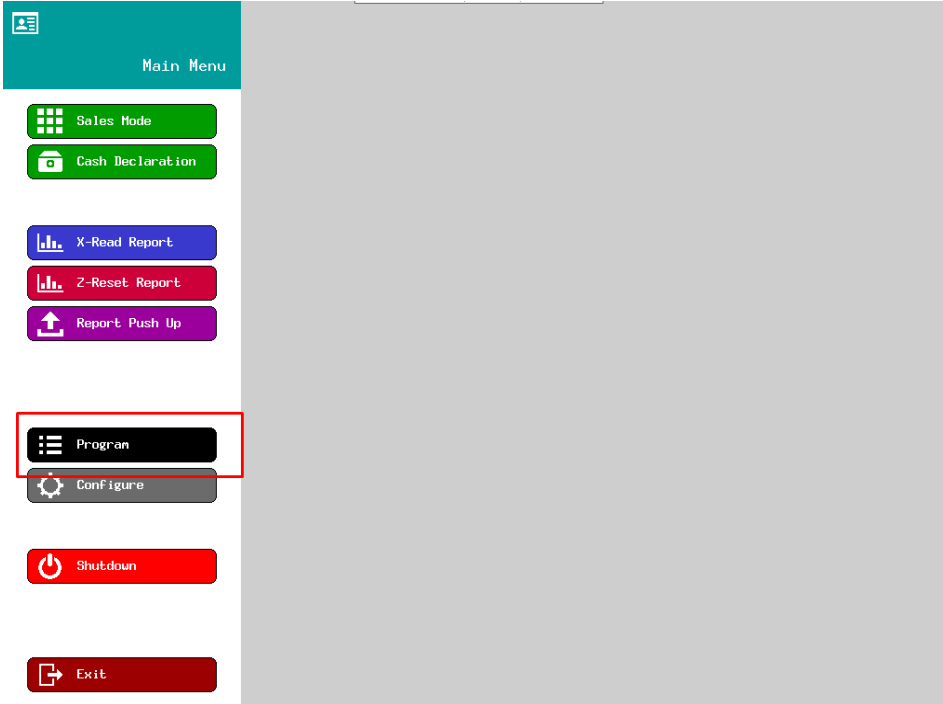

Outcome

 Create a reminder deposit cash away when a limit is reached

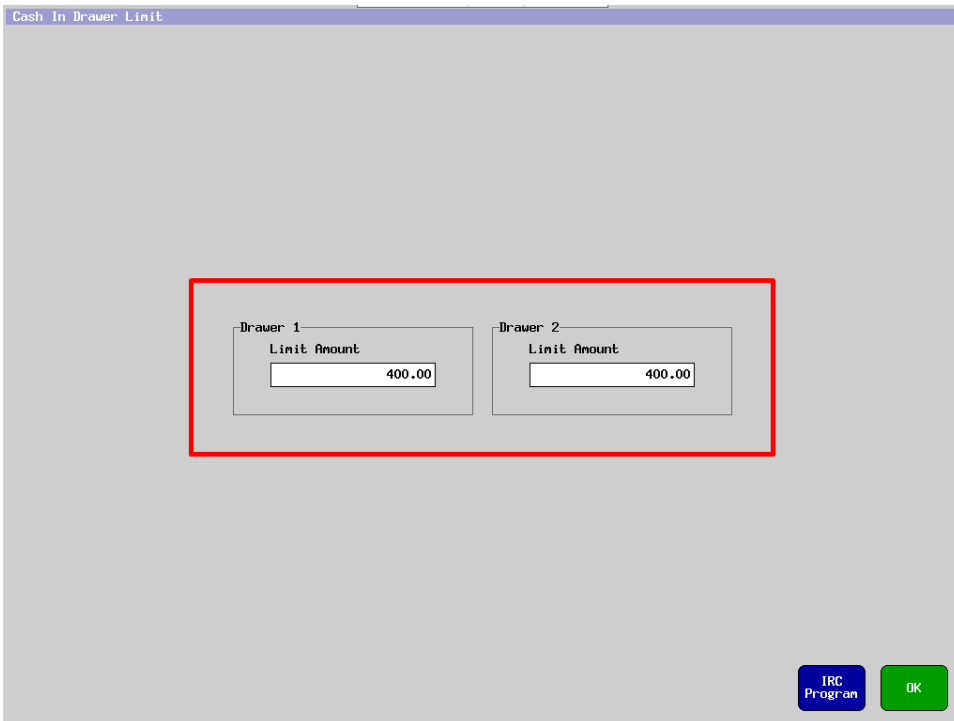

Cash in drawer limit or safe drop is a security service reminder to remove cash from the drawer when it reaches a preset limit. Once prompted and an amount is entered as a paid out the system will print of a receipt to acknowledge the withdrawal of money form the cash drawer.

*** Start Of Self Help Instructions ***

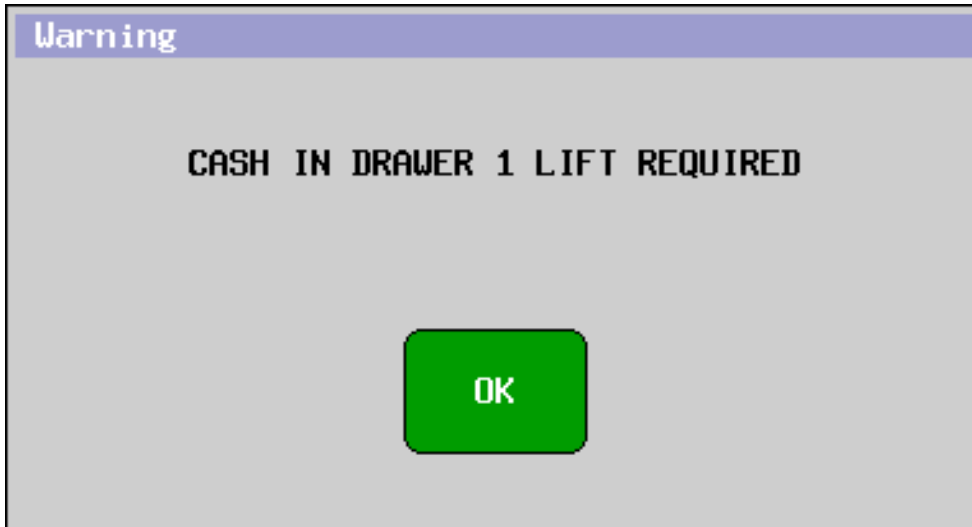

1. Exit sales screen and Select the PROGRAM button.

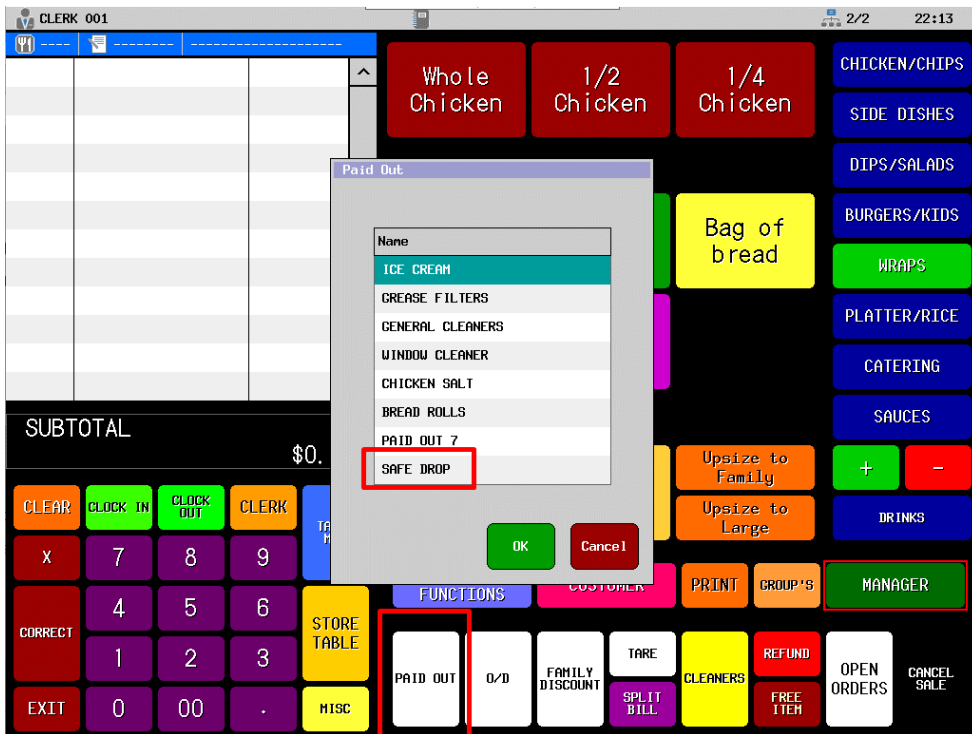

2. Press the green 'PAYMENT' button → CASH IN DRAWER LIMIT and enter the limit reminders for drawer 1 and drawer 2.

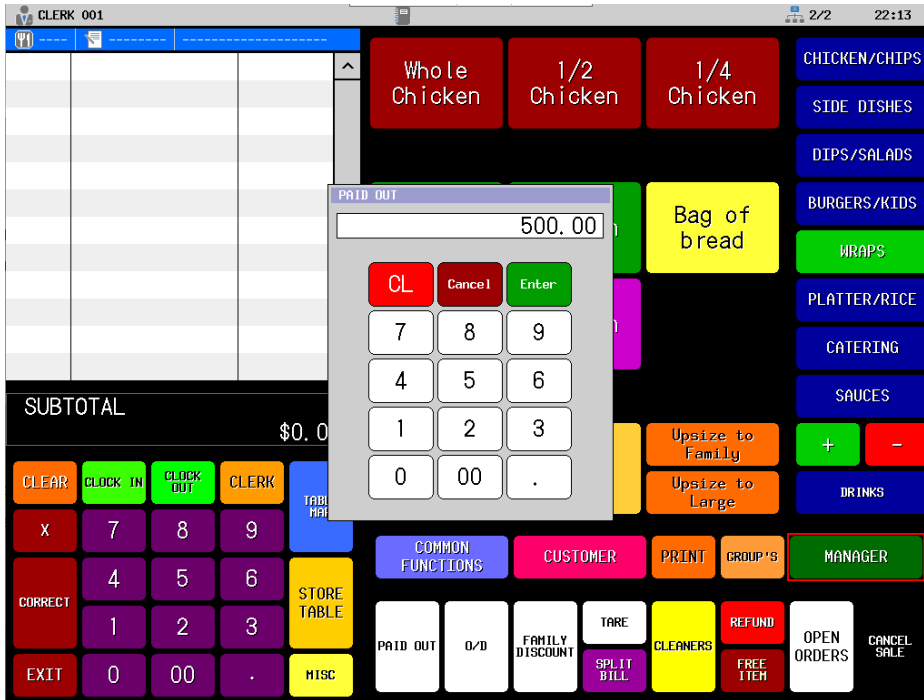

3. Create a PAID OUT (see document 'PAID OUT') and name it accordingly, in this example we have used 'SAFE DROP'
4. Insert a button to the display named 'SAFE DROP' (see Video DISPLAY PROGRAMMING).
5. When the limit has been reached a flyout window will appear with a reminder to clear the drawer.

6. Press on your PAID OUT and select 'SAFE DROP'

- Enter the amount to remove from the drawer, press ENTER and then the payment method. A receipt will be printed with SAFE DROP and the amount withdrawn. Attach the receipt with the money to be placed in your safe.

- The report at the end of day will display the amount of money that was removed and the amount of times safe drop was used.
